Vibrant Savings and Vibrant Checking

Our Vibrant Savings and Checking accounts are specifically designed for teens aged 13 to 17. We've waived all minimum balance fees and membership fees so that your teen can practice managing their finances worry-free.

Our Fun Bucks program gives your child the opportunity to earn up to $400 in Fun Bucks every year. The extra cash they earn from the program can be withdrawn the year they turn 15 or they can keep saving.
